WARRANTY EXCLUSIONS & EXCEPTIONS

- ATTO Battery - one-year limited warranty. Gradual deterioration in battery performance due to not following usage instructions specified in the user's manual or worn out through heavy use is not covered. The ATTO Warranty includes an ATTO Battery Warranty against failures of the high voltage battery as a result of manufacturing defects. The capacity of a lithium-ion high voltage battery naturally decreases over the period of use due to inherent technical reasons (natural wear and tear). Should a capacity check at a MovingLife authorized dealer within the warranty period of one-year show that the net battery capacity has dropped below 70% of its original value at the delivery of the new ATTO, the portion below 70% will be regarded as excessive capacity loss.
- Exterior plastic parts
- Seat upholstery
- ATTO tires/tire tubes
- Repairs and/or modifications made to any part of the product or accessories without specific and prior written consent from MovingLife
- Circumstances beyond the control of MovingLife
- Damage caused by battery malfunction, abuse, misuse, accident, or negligence, improper operation, maintenance, or storage, commercial use or use other than normal
- Labor, home repair, shipping, and other charges incurred for repair of the product
- If the serial number has been removed or defaced

Such evaluation will be solely determined by MovingLife.
